HANDS-ON ACTIVITY

ITEMS NEEDED: Yellow modeling clay

ADVANCED PREPARATION: None.

DIRECTIONS:

Give each kid a hunk of yellow modeling clay. Remind them that yellow is the color of fear. Encourage them to mold the clay into the shape of something scary. As kids finish, ask them to describe their creation. Invite them to say “I can trust God when I’m scared” as they crush the image with their hands.

With whatever time remains, allow kids to mold the clay as they like.
