ADVANCED PREPARATION:

None

DIRECTIONS:

Play a little Follow the Leader, with an adult in front, and a few others scattered throughout the line to keep everyone on task. Lead the group through the entire room and, if appropriate, out of the room and into other areas of the church. When finished and back at home base, ask the kids if any of them were worried about where they were going. Did you trust the leader to keep you from dangerous places? Remind them that a friend is someone they can trust. Jesus is our friend who we can always trust.
